**HOLDING STOCK:** Current PRO-WEST rules allow stock to be held until the end of the performance if a contestant is not present at the time they are scheduled to compete. Stock can only be held if the rodeo committee is in agreement. If the rodeo committee agrees to hold stock, the committee must supply a telephone / cell phone for the rodeo secretary and this number must be published in the PRO-WEST newspaper with the approval information.

The \_\_\_\_\_ Rodeo agrees to hold contestant stock until the end of the performance.  
YES \_\_\_\_\_ NO \_\_\_\_\_

(If "YES" please provide telephone number to be used by rodeo secretary to receive contestant calls.  
(\_\_\_\_\_) \_\_\_\_\_.

**COMMITTEE COST FOR A PRO-WEST RODEO:** Purse and \$1.75 x Total Number of Contestants entered in the rodeo X total number of paid rodeo performances to be paid to the rodeo secretary at the time of the rodeo. Slack will be counted as a performance when it is not on the same day as a regularly scheduled rodeo or there is a charge at the gate. (This is the Committee portion of the cost for the Judges, Timers, and Rodeo Secretary.) Contestants and the PRO-WEST also share in the cost of the Judges, Timers, and Rodeo Secretary.

**NOTE:** Approvals must be submitted for Association approval sixty (60) days or more prior to the first performance of your rodeo. Approvals must be complete and approved by the Board of Directors before being published to the membership. All contract personnel and committees must be members in good standing.

**IMPORTANT:** The earlier your approval is in, the better the chances to get co-approvals. All associations have the 60 day rule, so if you get your approval to the office 60 days before your rodeo, the co-approval associations will not get it in time to be co-approved. We suggest 90 days to be safe in getting your rodeo well advertised and to other associations.
